SATURDAY

11

OCTOBER

END THE GENOCIDE

STOP ARMING ISRAEL

STOP STARVING GAZA

12 NOON CENTRAL LONDON

On Saturday 11 October we will be marking two years of the Gaza genocide with a massive demonstration.

Two years of relentless bombardment, siege and starvation, and two years of global resistance. Two years as well in which our government continued to support Israel and even provide them with weapons.

This anniversary must be met with the loudest and largest show of opposition to the genocide yet.

We are calling for everyone who opposes the genocide to come to London on that day. We are calling for Londoners to come out in their hundreds of thousands.

People across the country are already getting organised - coaches are being booked, car conveys are being organised, others are cycling, some people are even planning to sail up the Thames to attend the march!

Let's make this the biggest demonstration our movement has seen in the last two years. Let's get the message out - all to London for Palestine on Saturday 11 October!

Please send details of what's being organised from your area (coaches booked, car conveys, walks, cycling groups etc) to office@stopwar.org.uk and make sure you take pictures and videos for social media.
