Stop the conscription!

No person, young or old, deserves to have their lives put on the line for another illegal war. **For a group of politicians totally divorced from reality. For warmongers who choose pound and dollar signs - time and time again - over human beings.**

Last month the government began recruitment for their pilot, military 'gap year' programme. This is a poverty draft. Plain and simple. A precursor to what they're planning next - the reintroduction of conscription. Sign the petition below to stop this plan now:
